

After logging into your Ariba account click on Company settings as shown below to find your Ariba Network # (also known as – ‘ANID’)

The screenshot displays the SAP Ariba user interface. At the top, the user is logged in as Colin Sickle. The 'Company Settings' dropdown menu is open, showing the company name 'Parag LLC' and the Ariba Network ID (ANID) 'AN01056179103-T' highlighted in a yellow box. Below the dropdown, the main dashboard is visible, featuring a section for 'Orders, Invoices and Payments' with a table of documents (currently empty) and a 'Tasks' section indicating 'No Pending Tasks'. The footer contains the SAP Ariba logo, user information, and copyright notice.
